Production tailored to your business.

Choose a KJ MEBLE model or send us a product sample, design or specification. We adapt dimensions, configurations, fabrics, colours, finishes and comfort options to your market, sales channel and order requirements.

Four core processes. One production partner.

Key production stages are managed in-house in Myjomice, giving us direct control from frame to finished furniture.

KJ MEBLE

Let's discuss your next product.

Choose a model from our range or share your own product or design with us. Tell us about the target market, expected order volume and required customisation. We will review the production requirements with you and define the next steps.
